

Test Article/Substance Characterization Information

This information is to ensure proper storage of shipped materials, provide required safety information and comply with GLP regulations.

Test Article Name _____
Test Article Lot/Batch No. _____
Substance Identity: Production Date _____
Storage Room Temperature Refrigerated (2-8 °C)
 Frozen, -20 °C Frozen, -80 °C
 Other: _____

Stability (Expiry) _____ Unknown
Purity _____ Unknown
Strength _____ Unknown
Composition _____ Unknown
Uniformity _____ Unknown

This characterization was conducted under:

GLPs 21CFR58 40CFR160 OECD
 GMPs ICH Q7 USP Not GLP or GMP

Name, title, company, and address:

Signature _____ Date _____
